On your note, remittance please

Application documents and the application fee, you can proceed if both confirmation.

Upon receipt of all fees and membership applications, membership certificates will be sent, along with the association's bi-monthly newsletter.

### **\* Information Concerning Pedigree Certificate Revisions.**

First, please submit your pedigree certificate from the Akita Dog Preservation Association.

On the pedigree certificate, in the owner's name area, the dog's previous owner or breeder's name is recorded, so this dog is registered in this person's name. If you don't change the pedigree certificate to your name then the dog is formally not yours. When the pedigree certificate is revised, your name will be printed and officially registered with the association, then sent to you. On the reverse side of the revised pedigree certificate, please write the address, name and date of transfer from the previous owner. Be sure and check the official seal of the previous owner.
